About Us

RZ Trading and Contracting – Fabrication Division is a premier provider of high-quality metal fabrication solutions in Doha, Qatar. With a commitment to excellence and precision, we specialize in custom metalwork, structural fabrication, and industrial solutions, catering to a diverse range of industries, including construction, infrastructure, oil & gas, and interior design.

Our state-of-the-art fabrication facility in Birkat Al-Awamer is equipped with advanced machinery, including a 6000W laser-cutting machine, hydraulic press brake, shearing machine, and drilling machine, ensuring high precision, efficiency, and superior quality in every project we undertake. Our team consists of highly skilled professionals and experienced supervisors with over a decade of expertise in fabrication, guaranteeing craftsmanship that meets the highest industry standards.

At RZ Trading and Contracting, we take pride in delivering customized and innovative fabrication solutions, ranging from decorative laser-cut panels and industrial kitchen equipment to steel staircases, railings, gratings, and structural components. Our dedication to quality, sustainability, and client satisfaction has earned us a reputation as a trusted partner for major projects across Qatar. With a focus on precision engineering, cutting-edge technology, and unmatched craftsmanship, we continue to push the boundaries of metal fabrication, offering our clients tailored solutions that exceed expectations. Whether it's architectural steelwork, industrial applications, or fit-out solutions, we bring vision to reality with strength, style, and durability.

Our Mission

At RZ Trading and Contracting – Fabrication Division, our mission is to deliver innovative, high-quality, and precision-engineered metal fabrication solutions that cater to diverse industries. We strive to exceed client expectations through cutting-edge technology, skilled craftsmanship, and a commitment to excellence, ensuring durability, safety, and sustainability in every project we undertake.

Our Vision

Our vision is to become a leading metal fabrication provider in Qatar and the wider region, recognized for our technological expertise, commitment to quality, and customer-centric approach. We aim to set new industry standards by continuously innovating, adopting the latest fabrication techniques, and maintaining the highest levels of professionalism and integrity.

Our Core Values

- ✓ Quality & Precision – We uphold the highest standards of quality in every fabrication project, ensuring precision and excellence in design and execution.
- ✓ Innovation & Technology – We embrace state-of-the-art technology and continuously invest in advanced machinery to deliver superior fabrication solutions.
- ✓ Customer Commitment – We prioritize customer satisfaction, working closely with clients to provide tailored solutions that meet their unique requirements.
- ✓ Integrity & Reliability – We conduct our business with transparency, honesty, and professionalism, building trust and long-term partnerships with our clients.
- ✓ Safety & Sustainability – We adhere to strict safety protocols and environmentally responsible practices, ensuring a safe and sustainable approach to metal fabrication.
- ✓ Teamwork & Excellence – We believe in the power of collaboration, fostering a culture of teamwork, continuous improvement, and skill development among our professionals.

RESOURCES

KEY MACHINERY AND SKILLED WORKFORCE AT RZ FABRICATION FACILITY

6000W Laser-Cutting Machine:

With unparalleled precision, this powerful machine can cut intricate designs and heavy-duty materials with ease, ensuring clean and accurate results.

Shearing Machine:

Designed for high-speed cutting of metal sheets, ensuring smooth and efficient production.

Drilling Machine:

Essential for creating precise holes in a variety of metals, enhancing the versatility of our fabrication capabilities..

Hydraulic Press Brake Machine:

Perfect for bending and shaping metal sheets with exacting precision, ideal for custom-fit components and intricate designs.

Skilled workforce

including experienced supervisors with 10+ years of expertise.

OUR SERVICES

- Custom Steel Fabrication (Interior & exterior solutions).

- Laser Cutting & Precision Engineering.

- Industrial & Commercial Fit-Out Works.

- Custom Metal Gratings, Railings, and Panels.

- Kitchen Equipment & Stainless Steel Solutions.

- Safety & Structural Steel Fabrication.

WHO WE SERVE

At RZ Trading and Contracting – Fabrication Division, we take pride in serving a diverse range of esteemed clients across **government, oil & gas, infrastructure, and hospitality** sectors. Our expertise in high-precision metal fabrication and engineering solutions has positioned us as a trusted partner for some of the most prestigious organizations in Qatar. We have successfully collaborated with leading entities such as **Ashghal, Kahramaa, Qetaifan Projects, Manateq QEZ, Faithful and Gould, and Qatar Energy**, delivering customized, high-quality fabrication solutions that meet the highest industry standards.

Our ability to cater to complex and large-scale projects stems from our commitment to innovation, advanced technology, and superior craftsmanship. Whether working with government infrastructure projects, energy sector giants, or high-end hospitality developments, we bring the same level of dedication, precision, and excellence to every project. By partnering with some of the region's most influential organizations, we continue to reinforce our reputation for reliability, efficiency, and engineering excellence in the metal fabrication industry.

Executed Projects

Kitchen Equipment

Successfully executed a number of kitchen equipment fabrications and installations projects, delivering high-quality stainless steel solutions tailored to the client's needs. These projects included the design and manufacturing of durable and polished kitchen cabinets, worktables, sinks, and shelving units. Our skilled team ensured precise fabrication using advanced machinery and premium-grade stainless steel, meeting both functionality and aesthetic standards.

The installation phases were carried out seamlessly, ensuring all components were securely fitted and optimized for daily use. The result was a professional-grade kitchen setup designed for efficiency, hygiene, and longevity, reflecting our commitment to excellence.

Executed Projects

Steel Handrailing

Successfully executed the fabrication and installation of decorative steel handrailing for a modern office building. The handrailing featured sleek and elegant designs, combining functionality with aesthetic appeal to enhance the building's interior and exterior spaces.

Crafted with precision using high-quality stainless and mild steel, the handrailing was designed to ensure durability, safety, and a contemporary look. Our team utilized advanced fabrication techniques to achieve flawless finishes and installed the handrailing with meticulous attention to detail. This project showcases our commitment to delivering superior craftsmanship that seamlessly blends style with practicality.

Executed Projects

Decorative Internal Design Panels

RZ Trading and Contracting proudly completed a number of prestigious projects involving the fabrication and installation of custom decorative steel panels for luxury offices and residences. These intricately designed laser-cut panels were crafted with precision, showcasing elegant patterns that perfectly complemented the residence's sophisticated interior and exterior design.

Using high-quality materials and state-of-the-art laser-cutting technology, we ensured each panel met the highest standards of durability and aesthetic appeal. The installations were executed flawlessly, enhancing the property's ambiance with a blend of modern artistry and timeless elegance. These projects highlight our dedication to delivering bespoke solutions that elevate spaces.

Executed Projects

HDG Heavy Duty Gratings

Project: Sulfur Facilities for the North Field Expansion (NFXP) Project (EPC-4) | 2024

In 2024, RZ Trading and Contracting successfully executed the fabrication of hot-dip galvanized (HDG) heavy-duty curved grating for Qatar Energy's Sulfur Facilities under the North Field Expansion (NFXP) Project (EPC-4). This project required precision engineering and high-quality materials to meet the demanding industrial standards of one of the world's largest energy expansions.

Our team utilized state-of-the-art fabrication techniques to manufacture robust and corrosion-resistant grating, ensuring long-term durability and optimal performance in harsh environments. The curved design was meticulously crafted to fit the project's specific requirements, demonstrating our expertise in delivering complex and high-performance steel fabrication solutions for critical infrastructure projects.

Executed Projects

Fabrication of SS316 Recessed Covers

In 2024, RZ Trading and Contracting – Fabrication Division successfully executed the fabrication of SS316 recessed covers for the prestigious Gewan Island Hotel & Beach Club project. Designed to meet the highest standards of durability and corrosion resistance, these stainless steel covers were custom-engineered to blend seamlessly with the project's architectural aesthetics while ensuring long-term functionality in a coastal environment.

This project was executed in collaboration with Redco Qatar as the main contractor, under the supervision of KEO International Consultant, and commissioned by the main client, Faithful and Gould. Our expertise in precision metal fabrication and commitment to high-quality materials and workmanship ensured that the recessed covers met the project's technical and aesthetic requirements, reinforcing our reputation as a trusted partner in Qatar's construction and infrastructure sector.

Executed Projects

SAFETY CHAINS, SS EXTENSION SPINDLE & BRACKETS/ SAFETY BOLLARD

Project: Qetaifan Island North Development – P4 (Infrastructure and Landscape) | 2021 – 2024 & Various Ashghal and Manateq QEZ Projects.

2021 to 2024, RZ Trading and Contracting successfully executed the fabrication of steel protection bollards, safety chains, stainless steel extension spindles, and brackets for the prestigious Qetaifan Island North Development – P4 (Infrastructure and Landscape) and various Ashghal and Manateq QEZ projects. Our scope of work involved manufacturing durable and high-quality steel components designed to enhance safety, security, and functionality within the developments. Using precision fabrication techniques and premium-grade materials, we ensured that every component met stringent engineering and aesthetic standards. These projects highlight our expertise in delivering robust steel solutions for large-scale infrastructure developments in Qatar.

HSE Excellence & Quality Standards

At RZ Trading and Contracting – Fabrication Division, Health, Safety, and Environmental (HSE) compliance is at the core of our operations. Our dedication to maintaining the highest industry standards has earned us prestigious ISO certifications, reflecting our commitment to quality, sustainability, and workplace safety.

We take pride in our adherence to internationally recognized standards, including:

- ✓ ISO 9001:2015 – Quality Management System (QMS), ensuring consistent delivery of high-quality products and services.
- ✓ ISO 14001:2015 – Environmental Management System (EMS), reinforcing our commitment to sustainable and eco-friendly practices.
- ✓ ISO 45001:2018 – Occupational Health & Safety (OHS), prioritizing a safe and healthy workplace for our employees.
- ✓ IAF Accreditation – Validating our adherence to globally accepted fabrication and manufacturing standards.
- ✓ ONAC Certification – Recognizing our operational excellence and regulatory compliance.
- ✓ ICV (In-Country Value) Certification – Demonstrating our dedication to Qatar's economic development by maximizing local content and workforce contribution.

Our fabrication facility operates with strict safety protocols, risk management strategies, and continuous staff training, ensuring that every project we execute aligns with international best practices. By integrating cutting-edge technology, environmentally responsible methods, and a proactive safety culture, we reinforce our position as a trusted industry leader in Qatar's fabrication sector.

With these certifications, RZ Trading and Contracting – Fabrication Division guarantees uncompromising quality, safety, and sustainability—delivering excellence in every project.
